## George Clay Fire Department Celebrates 125 Years

On June 22, 1898, forty-seven citizens of the Borough of West Conshohocken met in Odd Fellows Hall for the purpose of taking preliminary steps to organize a fire company. A fire at Davis Lumber Yard, current site of the office towers along the river, just a few years earlier prompted their action. Prior to 1898 the closest fire departments available to respond were coming from Conshohocken or Norristown. The firehouse and our town have a history that is intertwined and to try to summarize 125 years here is impossible. Here are just two moments that exemplify the tight connection.

In 1903 a fire at the public school in town was discovered by patrolling West Conshohocken Police Officer James McShane. After three hours George Clay Fire Department along with Washie's had the fire under control. Unfortunately, the damage displaced our students, and until repairs could be made the firehouse was set up as the temporary school.

One of the worst incidents in West Conshohocken was the horrific gas explosion fire on Front Street in January 1971 where some lost their lives, and several lost their homes and all their possessions. The volunteers worked tirelessly in freezing temperatures to control the flames and save as many lives and homes as they could. The damage was devastating and the firehall was used as a home base to serve food and collect clothing or other items for the residents who had lost so much.

125 years and still serving the community, the volunteers of George Clay dedicate countless hours of their personal time training to be ready to help at a moment's notice. Apart from their emergency services, the firehouse continues to be a center point of activity for our community. The Volunteers and Auxiliary members host holiday events, blood drives, and community education outreach about CPR and fire prevention. If you are interested in supporting or volunteering please do not hesitate to reach out. [GEORGE CLAY FIRE COMPANY - STATION 39 - CONTACT US](#)

## Recycling in West Conshohocken Borough

Recycling is an essential part of our civic responsibility, and it feels good to reduce our waste! Here are some tips to remember so that your recyclable items get a second life and what belongs in the trash does not go into the recycling bin.

Click [HERE](#) for a full list.

- **Accepted items:** clean paper, cardboard, plastic, and glass containers – #1-7, cartons (food & beverage), and clean flexible plastic film (e.g., cereal box liners, store bags, toilet paper & water case over wrap)
- Put recyclables in LOOSE and clean into your bin, not in a plastic bag. The machines can handle small sizes of plastic film but NOT garbage size bags.

Contamination is putting things that do not belong into the recycling. This makes recycling less valuable and more expensive to process. These are a few items that do NOT belong in the bin. Click [HERE](#) for a full list.

- **Do NOT recycle: Rechargeable batteries of ANY kind (e.g, toothbrushes, wireless headphones, or batteries from cell phones & power tools). These are a serious fire hazard and should be taken to a store drop-off site such as Best Buy, Lowe's, or Home Depot.**
- Also NOT RECYCLABLE: Hoses, string lights, heavy metal objects, metal hangers, yard waste, diapers, window glass, Styrofoam (despite its #6 triangle), food.

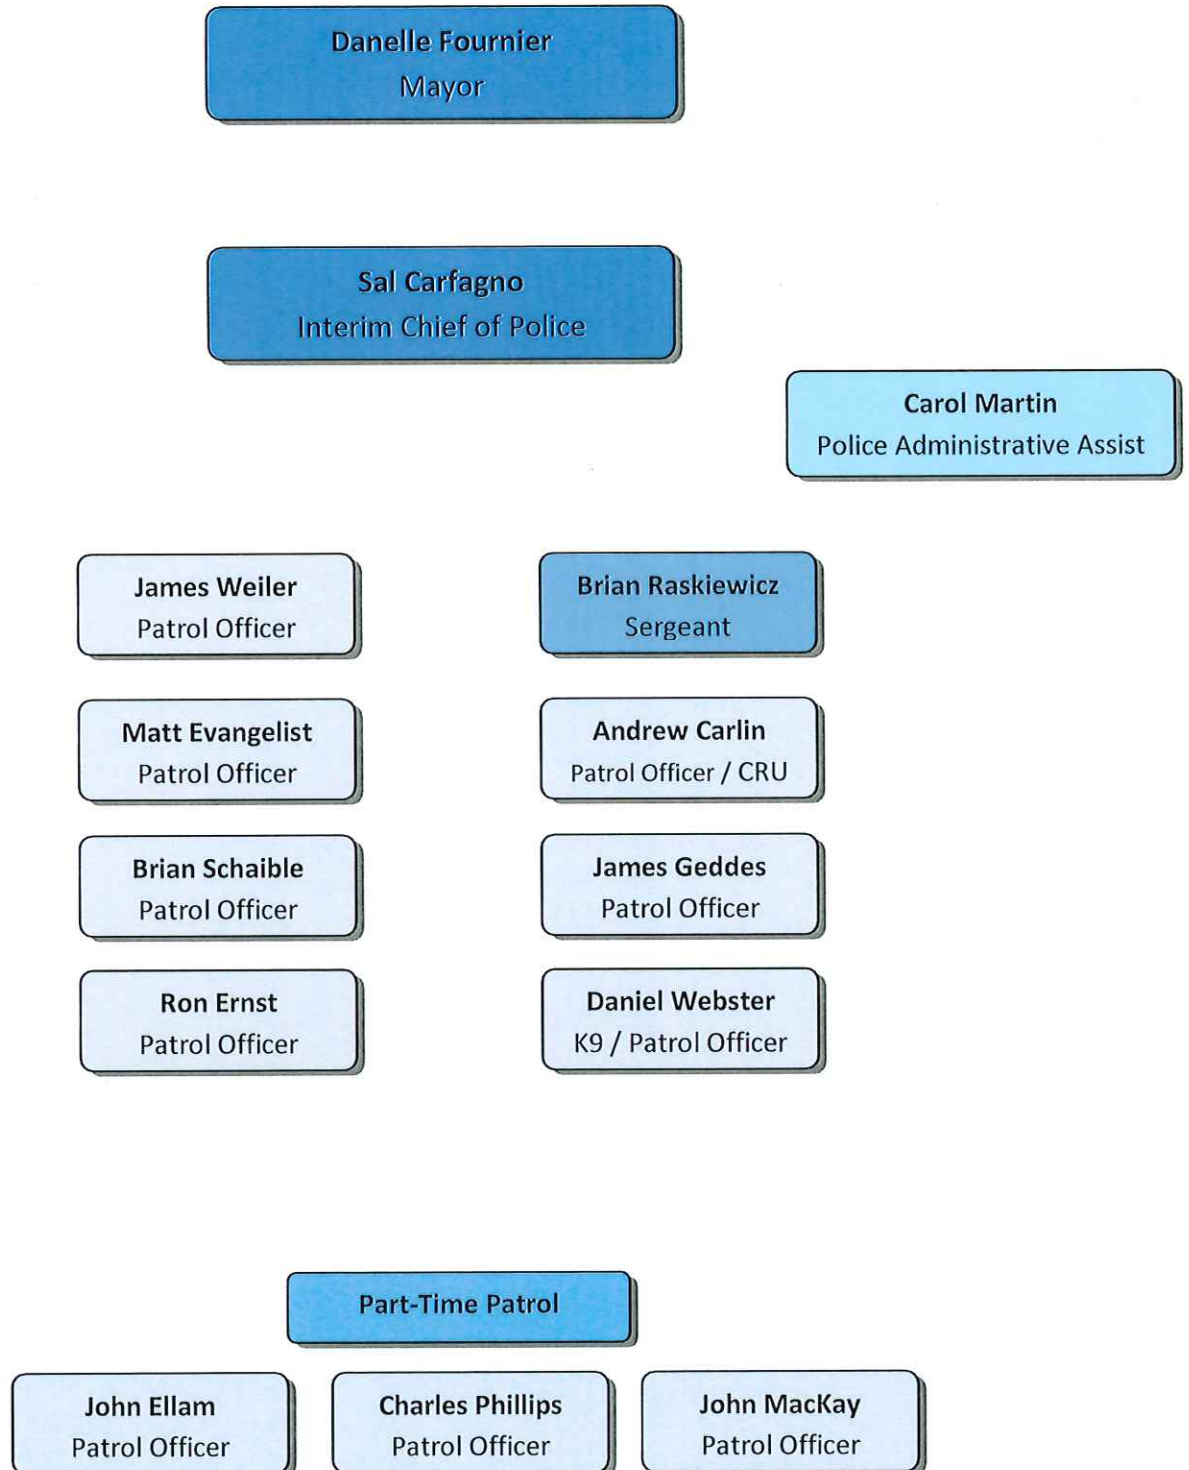

In West Conshohocken, our recycling provider, JP Mascaro & Sons, has excellent information on how to recycle to make the most impact in reducing waste. Thank you also, to our West Conshohocken Borough Public Works for providing excellent services for waste removal. Consider doing what you can as a resident to reduce the waste you create and recycle right!
